JCR Founder Jose Cruz to Receive Award for Business and Community Achievement

LAGRANGE PARK, IL (March 2008) -- The English on Wheels literacy program has announced five individuals to be honored as 2009 English SUCCESS Awards recipients. The English SUCCESS Awards recognize the inspiring lives of individuals who emigrated to the United States, learned English as a second language, and went on to be successful professionals and active supporters of their community. Jose Cruz, founder of J.C. Restoration, Inc., has been named as one of the honorees.

The English on Wheels literacy program has helped more than 3,500 adults of different language backgrounds in Cook and DuPage Counties learn English. Many students have also received assistance in becoming American citizens. The English SUCCESS Awards are a means of recognizing the success and contributions of former program graduates, as well as a chance to inspire current literacy students to persevere and believe in the American Dream.

The English SUCCESS awards ceremony will be held the evening of Thursday, April 23 at the Congregation of St. Joseph Center in LaGrange Park, Illinois. For additional information, or to purchase tickets, call 708-482-5085. Ticket sales benefit the School on Wheels ESL & U.S. Citizenship Tutoring Programs.
